Hello Maria,

To confirm, MCHM is not a TRI chemical.

Also, the Freedom Industries site in question never reported any other chemical to TRI. They do

own another site called 'POCA BLENDING LLC' that reported Manganese Compounds in 2010, 2011 and 2012. I did a quick google search and this site appears to be where Freedom moved the remainder of its MCHM after the spill, FYI.

Cheers,

Nick
